## B. Background Information about IMCare Classic's Network Providers

### B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- **A Primary Care Provider (PCP)** is a health care provider (e.g., doctor, physician assistant, nurse practitioner, etc.) who gives you routine health care. Your **Primary Care Provider/PCP** will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **care coordinator**. A **Care Coordinator** helps you manage your medical providers and services.

---

**If you have questions**, please call IMCare Classic's Member Services at 1-800-843-9536, TTY 1-800-627-3529 or 711, October 1 – March 31, 7 days a week, 8 a.m. – 8 p.m.; April 1 – September 30, Monday – Friday, 8 a.m. – 8 p.m. The call is free. **For more information**, visit [www.imcare.org](http://www.imcare.org)

## **B2. How to choose a Primary Care Provider/PCP**

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a Primary Care Provider/PCP who is part of our plan network. This provider will be your Primary Care Provider/PCP.

If you did not choose a Primary Care Provider/PCP or would like to make a change to your Primary Care Provider/PCP, go to the list of clinics in Section C, that starts on page 10, and choose a clinic:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at the number at the bottom of this page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

## **B3. How to get long-term services and supports (LTSS)**

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a IMCare Classic member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

You must have a Long-Term Care Consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) services. MHM services are separate from EW services, but you must be eligible for EW.

**If you have questions**, please call IMCare Classic's Member Services at 1-800-843-9536, TTY 1-800-627-3529 or 711, October 1 – March 31, 7 days a week, 8 a.m. – 8 p.m.; April 1 – September 30, Monday – Friday, 8 a.m. – 8 p.m. The call is free.

To find out more about these services, see your *Member Handbook*. Call Member Services at the number at the bottom of this page to get more information on how to access these services.

## **B4. How to access IMCare Classic's network providers**

You must get all of your covered services from providers within our network. If you go to providers who are not in IMCare Classic's network (**without prior authorization or approval from us**), you will have to pay the bill.

A **prior authorization** is an approval from IMCare Classic before you can get a specific service, drug, or see an out-of-network provider. IMCare Classic may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if IMCare Classic gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider.
- IMCare Classic works with all the providers in our network to accommodate the needs of people with disabilities. If you need to see a provider and are not sure if they offer the accommodations you need, IMCare Classic can help you. Talk to your care coordinator for assistance.

## **B5. How to find IMCare Classic providers in your area**

Providers in this directory are divided into sections by type (for example, *Primary Care Clinics, Hospitals, Dental Providers*, etc.). These are listed in the Table of Contents on page 1. In most sections, the providers are listed by city and county. To find a provider in your area in these sections, look for your county and city or one near you and then choose a provider. In the *Providers by Specialty* section, providers are again listed by county then city, then specialty. Look for the specialty subheading you need and then find a provider near you.

### **How to access out-of-network providers**

You generally must receive your care from a network provider. However, you may access care from an out-of-network providers for the following services:

- Emergencies
- Post-stabilization care
- Urgently needed services when our network is not available
- Out-of-area renal dialysis services

### **How to access specialty providers**

When your primary care provider thinks that you need specialized treatment, you may go to see a specialist or certain other providers within our network.

Our plan is a direct access plan. This means you do not need to get a referral to get services from network providers. For some types of services, you may need to get a Service Authorization. If we are unable to find you a qualified plan network provider, we must give you a standing Service Authorization for you to see a qualified specialist for any of these conditions:

- A chronic (ongoing) condition
- A life-threatening mental or physical illness
- A pregnancy that is beyond the first 3 months (first trimester)
- A degenerative disease or disability
- Any other condition or disease that is serious or complex enough to require treatment by a specialist

If you do not get a Service Authorization from us when needed, the bill may not be paid. You can get additional information on how to access specialty care by calling Member Services at the number at the bottom of this page.

## D. Background Information about IMCare Classic's Network Pharmacies

This part of the Directory provides a list of pharmacies in IMCare Classic's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

- IMCare Classic members must use network pharmacies to get prescription drugs.
  - You must use network pharmacies except in emergency or urgent care situations.
  - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out-of-pocket for the service. Read the IMCare Classic *Member Handbook* for more information.
- Some network pharmacies may not be listed in this Directory.
  - Some network pharmacies may have been added or removed from our plan after this Directory was published.

We have pharmacies outside Minnesota. Please contact Member Services at the number at the bottom of this page for more information.

For up-to-date information about IMCare Classic's network pharmacies in your area, please visit our website at [www.imcare.org](http://www.imcare.org) or call Member Services at the number at the bottom of this page.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and IMCare Classic's *List of Covered Drugs* (Drug List). Contact Member Services for a copy of the *List of Covered Drugs* or visit our website at [www.imcare.org](http://www.imcare.org).

### D1. Types of pharmacies in IMCare Classic's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) pharmacies

You are not required to continue going to the same pharmacy to fill your prescriptions.
